Map

Orders Subject to Fruit Availability

Citrus Greening (Huanglongbing) is currently devastating the Florida citrus industry. Each year Florida citrus production is drastically decreasing. Citrus orders are subject to fruit availability and will be filled according to the order which they were received. In the event that fruit becomes unavailable customers will receive a full refund for their purchase.

For more information about this threat to Florida citrus visit: <http://edis.ifas.ufl.edu/ch198>

CITRUS CLUB

Once again it is time to order holiday citrus for family and friends! The Holiday Citrus Sale is a longstanding tradition of the Gator Citrus Club. This fundraiser makes it possible to support students with scholarships to attend conferences within the US as well as with an expense-paid educational trip for our club to learn about crop production in foreign countries. This year we had the privilege to go to Spain, where we learned a great deal about their agriculture industry and the best management practices that make it successful. Please support the Gator Citrus Club by ordering your fruit today!

Fresh Florida ORANGES and RED GRAPEFRUIT will be east of Fifield Hall (please see map inside).

CITRUS SALE: Dec 4th through 7th 2018 9am-6pm

Pre-orders posted by Dec 1st
receive a 10% discount!
