Compare benefits, services and costs. Understand what you are buying.

Prior to Buying
Find out what personal or local resources can help you cover future long-term care expenses.
Before you retire, ask your employer if a long-term care insurance policy is offered.
Buying a policy at a younger age may save you money over time.
When Comparing
Take your time. Don't be pressured into buying a policy.
Advertising: Don't be misled by professional actors on TV or official looking documents in the mail.
Quotes: Contact several companies and agents for quotes before buying a policy. Be sure the policy offers the benefits and features you want, for example:
<ul> <li>What types of care are covered and in what setting?</li> <li>What are the benefit eligibility requirements?</li> <li>What is the daily amount the policy pays for each benefit, and for how long?</li> <li>How long is the elimination period?</li> <li>Does the policy have a waiting period for pre-existing conditions?</li> <li>What types of inflation protection does the policy offer? Is it tax-qualified?</li> <li>Can you upgrade the policy later to purchase more benefits?</li> </ul>
Use correct and complete information on your application. Fill in all medical information. If not, the company could refuse to pay your claims or even cancel your policy.
Avoid buying multiple policies. It is not necessary to purchase several policies to get enough coverage. One policy is usually sufficient.
For Your Protection
Check the financial health and reliability of an insurance company by <b>reviewing their ratings online</b> . A few companies that provide ratings are:
<ul> <li>A.M. Best Company</li> <li>Fitch IBCA, Duff &amp; Phelps, Inc.</li> <li>Moody's Investor Services, Inc.</li> <li>Standard &amp; Poor's Insurance Rating Service</li> <li>Weiss Ratings, Inc.</li> </ul>
Use your <b>free-look period</b> . Read the policy again. You have at least 30 days to look over your policy after your purchase.
Make sure that agents or companies have the <b>proper licenses</b> by contacting the <b>Florida Department</b> of Financial Services Consumer Helpline at 1-877-693-5236.
Never pay with cash. Pay by check, credit card, or electronic bank draft payable to the insurance company, not to an individual.
